

FUZE SPTM

Low Solvent-based Ink

Compatible with Vutek®,
Gandi Innovations® and Agfa® printers

FUZE SPTM is an excellent low solvent ink providing reliability with Spectra, Seiko SPT, Xaar and other print heads.

FUZE SP is offered at a significantly lower cost, without forfeiting the speed, high quality prints and outdoor durability for which Vutek and Agfa printers are known. Designed for outdoor and indoor applications, this ink is compatible with all standard substrates available on the market.

Vutek printer models:

3360FCTM, UltraVu 150TM, 150FCTM, 5330TM, 150SCTM,
3360/SCTM/ECTM

Agfa/Gandi printer models:

JetiTM 3312 and 3324 Solvent RTR, 3348 HSS
JetiTM 5024 Solvent RTR, 5048 HSS
