

NEW! Printer specific solution for HP® Scitex FB500/700™

PLASMA HF™

UV curable ink for HP FB series printers

Plasma HF is an original ink solution designed to match all attributes of the HP FB 700/500 for optimal performance.

Rigorous testing and stringent quality assurance guarantees precise color reproduction and high printing performance, which makes it suitable for a wide range of rigid and flexible media.

With Bordeaux Mix&Match™ and Printer specific™ technologies conversion to PLASMA HF can be done simply, one color at a time, for maximum cost saving.

Main advantages

- Printer specific™ ink to match HP Scitex FB models
- Mix&Match- no re-profiling or flushing needed
- Simple plug and print solution- no technician assistance required
- Zero downtime conversion
- Excellent print quality and vivid colors
- Extended compatibility to a wider range of substrates with a long-term outdoor durability.

	Mix&Match with FB 500/700
	HP Scitex FB 500/700 flatbed series
	2L bag
